WHAT YOU'LL NEED

- Purple, yellow and green construction paper
- Scissors
- Glue or Tape
- Ruler

1

MEASURE PAPER

Using a ruler, measure 1in by 8.5in strips on construction paper. The number of strips varies for length of necklace.

2

CUT STRIPS

Using scissors (and the help of an adult if needed), cut the strips of paper.

3

MAKE THE FIRST LINK

Using glue or tape, attach the far ends of one strip together (making a loop). Make sure the glue dries fully!

4

MAKE THE CHAIN

Thread another strip of paper through the center of the loop. Now, join the ends of this second strip together with tape/glue. Continue until the chain is of desired length.

5

FINISH THE NECKLACE

Once the chain is at its desired length, make one final loop that threads through the beginning of the chain. Close it off and you're done!
